

STRATIAS

MISSION-FOCUSED DIGITAL TRANSFORMATION

Stratias LLC is a mission-focused digital transformation firm specializing in IT modernization, cloud solutions, and system integration for the Department of Defense (DoD). As a Service-Disabled Veteran-Owned Small Business (SDVOSB), Stratias is committed to excellence, combining deep DoD process knowledge with cutting-edge technology expertise to deliver scalable, compliant, and mission-ready solutions.

What We Do

Consulting/A&AS

Stratias develops and executes digital transformation strategy, road maps, and enterprise architecture at the CIO-level.

Systems Implementation

We provide end-to-end integration of cloud, SaaS, and enterprise IT solutions for mission-critical operations.

Program Sustainment

Beyond traditional “keep the lights” on methods, we drive agile sustainment, continuous improvement, and compliance-focused program management.

What Sets Us Apart?

- ✓ **Mission-Focused Leadership** – Led by a former Air Force IT transformation chief with deep DoD expertise.
- ✓ **Agile & Scalable Solutions** – Cloud-native, SaaS, and enterprise IT solutions built for defense missions.
- ✓ **Compliance & Stakeholder Expertise** – Navigating DoD acquisition, governance, and cybersecurity with ease.
- ✓ **Proven Defense Talent** – Recruiting and retaining top professionals to ensure mission success and sustainability.

Our Competencies

Agile & DevSecOps

Embedding agile methodologies and DevSecOps to accelerate software delivery.

Application Rationalization

Streamlining IT portfolios by assessing, consolidating, and modernizing legacy applications.

Cloud Computing

Seamless transition to cloud-native architectures (SaaS, PaaS, IaaS) with a focus on security and scalability.

Process Reengineering

Optimizing business process workflows and eliminating inefficiencies to align technology with mission needs.

Compliance & Governance

Navigating DoD acquisition, cybersecurity, stakeholder, and governance requirements.
